New Single Pan Gas Fryer

RF600

- 125 MEGAJOULES OF POWER
- 30 LITRE OIL CAPACITY
- RAPID RECOVERY BURNER
- RAPID JET BURNER
- OPEN POT COLD ZONE DESIGN

Introducing the NEW Rapid RF-600 — Single Pan Three Basket Gas Fryer — the ultimate fryer for high-demand kitchens. Featuring a wider 600mm design, it offers 50% more cooking capacity, making it ideal for managing multiple orders simultaneously while maintaining top-tier quality.

Equipped with 125 megajoules of power and our Rapid Jet Burner design, heat is efficiently transferred to the fry pan, reducing downtime and ensuring peak efficiency during busy shifts.

The Rapid Recovery Burner system allows the fryer to quickly recover to set temperature, delivering perfectly fried food every time.

Its 30L oil capacity, open pan design, and true deep cold zone naturally extend oil life and reduce oil changes, improving operational efficiency.

The RF-600 is the perfect solution for kitchens that demand exceptional reliability, higher output, and consistent quality.

RAPID

MADE IN MELBOURNE SINCE 1956

RF400

Single Pan Gas Fryer

115 MEGAJOULES OF POWER

20 LITRE OIL CAPACITY

RAPID RECOVERY BURNER

RAPID JET BURNER

OPEN POT COLD ZONE DESIGN

Focusing on speed, reliability, and efficiency, it became the fryer that kitchens could depend on.

Powered by 115 megajoules and our innovative Rapid Jet Burner design, the RF-400 optimises heat transfer, reducing downtime and keeping up with even the busiest rushes.

Its Rapid Recovery Burner system ensures the fryer rebounds quickly after every batch, maintaining the perfect temperature for consistently crisp, golden results.

Designed for efficiency, the 20L oil capacity, open pan design, and true deep cold zone help extend oil life and minimise waste, so from the first order to the last, the RF-400 lets you fry with confidence.
