Crown.

cleanerfuture.

Product Data Sheet Product Code: CROWN-655 Date: 3/11/2022

Introducing Crown.

Crown is a concentrated glass washing agent used for cleaning glasses. This powerful solution has been created by Cleaner Future for washing machines that are fitted with automatic dispensers — leaving glasses streak free and crystal clear. Things that work this good deserve a Crown.

Key Benefits

- Chlorine & Phosphate free
- Contain corrosion inhibitor to extend the life of the washer
- Suitable to all Glass Washing machines
- Clean and glowing glassware every wash
- Contains Sequestrants to remove ‘metallic soaps’ responsible for scale build up

Sustainability

Cleaner Future aims to construct formulations that efficiently solubilise and disperse fats, oils and dirt, thereby minimising the amount of cleaning product required to achieve a complete clean. This lightens our load on our sewer system and increases the rate and degree of biodegradation. We endeavour to use plant-based surfactants that originate from cropping. Where possible, we replace petrochemical solvents with plant-based oil seeds.

ECO SEPTIC SAFE

BIO-DEGRADABLE

Directions of Use

For best results, use with an automatic glass washing machines with a cleaning agent feeder.
Place chemical beside machine and connect input hose.
