Key Benefits

- Highly concentrated
- Fast acting
- Non Flammable
- Safe around aluminium surfaces

Technical Data

Form: Liquid
Colour: Pale Yellow
Fragrance: No added fragrance

Cleaner Future maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Cleaner Future recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.

Directions of Use

Turn hotplate off after use and allow to cool for 5 minutes. Surface should be warm but not at full heat. Scrape food residues off then apply neat Grill. Leave wet to activate for 10-15 minutes. Scrub with brush, spatula or griddle pad then wipe clean with cloth. Rinse well with potable water.

Sustainability

Cleaner Future aims to construct formulations that efficiently solubilise and disperse fats, oils and dirt, thereby minimising the amount of cleaning product required to achieve a complete clean. This lightens our load on our sewer system and increases the rate and degree of biodegradation. We endeavour to use plant-based surfactants that originate from cropping. Where possible, we replace petrochemical solvents with plant-based oil seeds.

BIO-
DEGRADABLE
