1L	VEG1L
5L	VEG5L

Sustainability

Cleaner Future aims to construct formulations that efficiently solubilise and disperse fats, oils and dirt, thereby minimising the amount of cleaning product required to achieve a complete clean. This lightens our load on our sewer system and increases the rate and degree of biodegradation. We endeavour to use plant-based surfactants that originate from cropping. Where possible, we replace petrochemical solvents with plant-based oil seeds.

ECO SEPTIC SAFE

BIO-DEGRADABLE

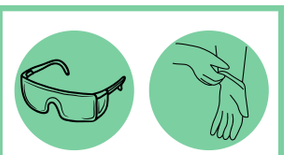

Directions of Use

Wash: Let the cleansing ritual begin! Rinse your raw fruits and vegetables in pure, clean water, bidding adieu to dirt and debris.
Prepare Solution: Now it's time to unleash the magic! Dilute Veg by adding 3.2-6.4mL per litre of water. Adjust the amount based on the level of contamination and desired sanitization strength. You're the master of customization!
Soak: Give your produce a luxurious soak in the Veg solution. Let the superhero power of cleanliness work its wonders. [Insert recommended duration here.]
Agitate (Optional): For those seeking perfection, go the extra mile! Gently swirl and caress your fruits and veggies in the solution, ensuring every nook and cranny receives the VIP treatment.
Rinse: It's time for a refreshing rinse! Shower your produce with clean water to wash away any traces of the Veg solution, leaving them fresh, clean, and ready to dazzle your taste buds.
Enjoy: Marvel at the transformation! Your fruits and vegetables are now in the spotlight, radiating with newfound freshness and protected from the villains of salmonella, E.coli, and listeria. Get ready for a healthier and tastier feast!
