Zip.

Product Data Sheet | Product Code: ZIP-665 | Date: 3/11/2022

Introducing Zip.

Zip is a highly alkaline, low foaming detergent used for cleaning crockery and cutlery. This dishwashing liquid has been specifically created by Cleaner Future for dishwashers that have automatic dispensing devices to leave the tableware spot and streak-free.
It's Zip to the best in cleaner dishes.
CONTAINS: 18% potassium hydroxide

Key Benefits

- Contains 18% potassium hydroxide, which forms more soluble 'fatty soaps',
- Easier removal of grease and built up stains
- Contains corrosion inhibitor to extend the life of the washer.
- Chlorine & Phosphate-free,
- Contains sequestrants to remove 'metallic soaps responsible for scale build up and improve performance in hard water areas.

Cleaner Future maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Cleaner Future recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.

Directions of Use

For best results, use with an automatic washing machine with a cleaning agent feeder. Place chemical beside machine and connect input hose.
Dilution: 80mls per wash

Sustainability

Cleaner Future aims to construct formulations that efficiently solubilise and disperse fats, oils and dirt, thereby minimising the amount of cleaning product required to achieve a complete clean. This lightens our load on our sewer system and increases the rate and degree of biodegradation. We endeavour to use plant-based surfactants that originate from cropping. Where possible, we replace petrochemical solvents with plant-based oil seeds.

BIO-
DEGRADABLE

Technical Data

Form: Liquid
Colour: Pale Yellow
Fragrance: No added fragrance
